**What do you want to tell legislators about the proposed \$1.9 Billion Rose Quarter Freeway Expansion and Oregon's transportation system?**

Hello, I'm writing to add to the voices calling our legislators to conduct a full Environmental Impact Statement for the proposed expansion due to the massive potential expansion of road widening through a residential area as well as to fully investigate other options.

Our legislators should also aim ODOT at better transportation solutions and some actual transit increases.

Thank you for your time.
