What do you want to tell legislators about the proposed \$1.9 Billion Rose Quarter Freeway Expansion and Oregon's transportation system?

The Albina neighborhood has a long history of being the victim of oppressive city planning efforts. The controversial \$1.9 Billion expansion plan will further damage the neighborhood by locking in decades more of highly polluting single occupant vehicle traffic. Instead, ODOT's funds must be invested in creating a just transition to public transit systems and improving existing roads.

Thank you for your consideration and efforts to make Portland a healthier place to live for all residents!
