

Living in Portland for over 16 years, it has been a tragedy and a very dark time since Ballot 110 was introduced into Portland.

Please rescind this as soon as possible. Our beautiful city has turned into a “zombie” world of drug dealers, addicts and homeless lawlessness.

I retired from directing motion pictures and after examining all the locations I thought my wife and I would retire to, we chose Portland. Since covid and proposition 110 it has been a terrible struggle to see what has happened to Portland.

The covid vaccine was a miracle but now we need you to strike down Ballot 110.

Thank you.

Bill Tannen
