What do you want to tell legislators about the proposed \$1.9 Billion Rose Quarter Freeway Expansion and Oregon's transportation system?

Please conduct an EIS for the proposed 10 lane expansion through Albina Neighborhood!!! Please consider alternative options that prioritize the needs of the people that are in alignment with environmental justice principles, please do not contribute to further harm of this already severely displaced and marginalized community members. Please think of the long term environmental consequences of this action and how it does not prepare portland for a future that is sustainable or habitable for all!!!
