**What do you want to tell legislators about the proposed \$1.9 Billion Rose Quarter Freeway Expansion and Oregon's transportation system?**

I live 2 blocks from Tubman. The freeway is already bad enough. There is also a microforest surrounding the school that will mostly likely be impacted. Remember when Portland was famous for having turned its freeways into parks ? (Waterfront park used to be a freeway) and it bikeable culture ?? No maybe you don't. I DO! I bike less and less due to poor road / bike lane quality/ houseless cps in th bike lanes etc. how about spending 1.9 billion on that and dealing with the housing crisis instead ? I use public transport less and less because it's basically a giant homeless shelter bc the city hasn't dealt with this problem. I've been here 25 years. This is NOT what Portland needs. Also we demand an EIS for the public. I live in Albina and I am concerned !!!
