

Repeal Ballot Measure 110 as soon as possible, to Bring in line with Federal Law. People are dying every day due this measure.

Possession of Meth, Heroin and, Fentanyl need to be illegal. Many people in possession are actually small distributors and, unless searches can be conducted police will never know if individuals are distributors. It's locked down treatment centers that are needed. Additionally, this Measure is being used as a money saving vehicle. Let's get real, possession of these drugs need to be illegal and forced treatment is needed to try to save these people. How many more people have to die ?
