What do you want to tell legislators about the proposed \$1.9 Billion Rose Quarter Freeway Expansion and Oregon's transportation system?

We do not need more highways. We don't want more highways. Do not seek to become Seattle, they are morally bankrupt. I moved from Seattle because I am a Washington State Department of Health, Public Health Laboratories Whistleblower. If you Whistleblow to the Secretary of Health, by the Revised Code of Washington, he can retaliate against you. Additionally, a statistically high number of Whistleblowers are on the Autism Spectrum. EMPLOY THE PEOPLE YOU ALREADY ARE ABUSING USING SO-CALLED VOCATIONAL REHAB, don't seek to bring in people with more money to undermine government, like Phil Knight, who already tried to split the vote with his horrible Betsy candidate. You would greatly increase tax revenue by employing the people you're intentionally weaponising government against. Additionally, it is not in anyone's best interest to aid and abet another state in a coverup. It's simply corruption. Allowing people to maintain a lie is what you see with tRump. Had he been dealt with correctly, he would NEVER have become President. We need Judicial Review Boards made up of Constitutional Scholars and Ordinary Citizens. Empower EVERYONE and make law accessible and answerable to CITIZENS.
