

I voted for this. I had hoped the proponents of this measure could implement their plan and achieve their goals.

Sadly, from a purely results based measurement measure 110 is an unmitigated failure. A disaster. It improved the lives of absolutely nobody. It has not achieved the stated goals. Hard drugs should be illegal. Offenders should be prosecuted.

Stop failing. Stop prioritizing the needs of addicts. Begin making the city livable for functioning people.

Our society should prioritize the needs of children. Of moms. Families. Not the drug addicted.
