

To Whom This Concerns:

Measure 110 is absolutely devastating to the communities in Oregon. In Grants Pass I have witness open air drug deals taking place within our city parks on a daily basis. I have witnessed illicit drug usage in the open with no fear of accountability. Drug overdoses are a common occurrence in cities like Grants Pass. This madness must stop. Communities like Grants Pass are being effected negatively due to this horrific measure. Please, we beg you, appeal measure 110.

Respectfully,  
Edgar Pelfrey  
Grants Pass city resident
