

I am writing to state my extreme disapproval of measure 110. Since the passing of it, the city of Portland has become unsafe for residents and the homeless population. It has obviously increased drug addiction, drug activity, crime associated w/ drugs and filth.

Please reverse this measure as soon as possible to prevent more decay of our city.

Provide police w/ resources to remove narcotic drugs and its users from our streets. Please provide the courts w/ a way to mandate rehabilitation.

Measure 110 has made Portland attractive only to drug users, dealers and other criminals.

Thank you,
Sabrina Hess
