

Dear Oregon State Lawmakers,

- > For the sake of respect for human life you must repeal or severely adjust the 110 Measure.
- > The illicit use of deadly drugs should be stopped and the users put in mandatory rehabilitation programs. It's contributing to crime and homelessness on a massive scale.
- > Please take a walk in Old Town Portland. Filth, crime, humans living in squalor this is what you see and smell day and night.
- > Read the recent articles in The NY Times, see how Houston and Dallas have handled their problems with success and less money than we have squandered here in Oregon.
- > You asked to be elected. It's time to roll up your collective sleeves and do the job.
- > Rocco Jaconis DVM, Portland, Oregon
