

Measure 110 has been an utter failure for the citizens of Oregon . Our communities have been overrun with crime , homeless , drug addicts , drug trafficking and crime because of this irresponsible law . The things that were promised were not delivered and now we are paying the price . It has led to a pattern of enabling this horrible behavior which has negatively impacted public safety , the ability to do business , and overall quality of life , not to mention the deaths of thousands of addicts . Please repeal M110 as soon as possible .

Thank you ,
