

Anyone caught with drugs should go to detention & get drug help. They should not be fed and left to sit on our streets until they die from overdose or exposure to the elements. This is ridiculous to let this bad behavior go on, begging for money to buy more drugs, living on the streets because every dime goes to drugs. Living on the good graces of hard working Americans who do not realize they will not stop until they are ruined or dead.

--

Sincerely,

Jeanie Mountjoy
