

Dear lawmakers,

Decriminalized hard drugs like fentanyl, heroin, and meths foreign and domestic criminal organizations who traffic them, continue to represent significant threats to public health, law enforcement, and national security. Drug poisoning deaths are the leading cause of injury death and are currently at their highest ever recorded in Oregon thanks to Ballot Measure 110!

This issue has a more dire effect on woke cities like Portland, outnumbering deaths from firearms, motor vehicle crashes, suicide, and homicide! Fix BM 110 and make possession of lethal drugs a crime again, give law enforcement the tools to steer more people into treatment and make drug treatment and recovery a mandatory vs. voluntary alternative to jail!

Regards,  
Sam Dyer
