

Hello,

Looking to submit public comment around Measure 110.

I hope that as fellow lawmakers you will find a way to strengthen and direct the action of this Measure. We interpreted this Measure as it was “treatment” not “punishment.” That’s all and well but where is the treatment? The way this Measure has been executed has left a lot to be desired. I understand that destroying someone’s life with a jail sentence for being caught with a small amount of drugs isn’t humane. But leaving people to die on the streets isn’t humane. If you all can’t provide an ultimatum to people in need, then this Measure should be thrown out. Drive around inner city Portland at noon on a weekday to see for yourselves how this Measure has worked. We are driving away families and businesses from our City and State due to this inaction and failure to execute the will of your voters.
