

I'm so tired of explaining to my 6 and 9 year old grandchildren why people they see are doing drugs as drive or walk around Portland. Please make possession of lethal drugs a crime again, give law enforcement the tools to steer more people into treatment and make drug treatment and recovery a mandatory vs. voluntary alternative to jail.

This will provide incentive to pregnant addicts, as their fentanyl babies are damaged irreparably.

The few successful treatment programs funded by these \$ should continue to have financial support while you alter 110. Blanchett house should have continuity of support, too.

I think we have the cart before the horse with 110 and it has crated a huge public crisis, discouraged tourism and businesses, affect auto theft and burglaries, etc.

Quit listening to activists who pop up from Mom's couch to protest and advocate this garbage and consider those of us who pay property taxes. Also the families of these addicts know heartbreak as 110 enables theirp loved one's addiction. Fix 110. Make it better. Don't apologize, fix it before voters get rid of it.
