

Dear Fellow Oregonian,

I appreciate your concerns about ballot measure 110 and I too have concerns.

I am sad that I voted for Measure 110, because it really has not lived up to its promises at all.

When we offer people who are addicted to drugs, free rein, with out the opportunity to have measures to help themselves out of addiction , 110 does not work.

Please amend 110 as it is not working for Oregon. The evidence is clear. I am saddened, exhausted and sickened of seeing strung out humans all over our streets and parks with no end in sight.

Thank you for reading my words, and taking them into consideration.

Shelly Sweeney
