

SUBCOMMITTEE RECOMMENDATION

Item 39: Water Resources Department National Dam Safety Program

To: Emergency Board
From: Human Services Subcommittee
Carrier: Representative Owens

The Human Services Subcommittee recommends approving, retroactively, the submission of a federal grant application to the Federal Emergency Management Agency in the amount of \$369,674 to fund statewide dam safety activities.

The FEMA National Dam Safety Program provides financial assistance to states to strengthen their existing dam safety programs. This grant opportunity is for supplemental funding above the standard annual awards and is made possible by the Infrastructure Investment and Jobs Act. There is no requirement for matching state funds, and no additional position authority is needed to execute the grant.

The Human Services Subcommittee recommends approval.
