

I am unable to attend the meeting on June 18th when the Oregon's Joint Committee on Transportation is coming to Tillamook.

Please accept this email as I want to let you know that regional trails, especially the Salmonberry Trail, plays a critical role in this rural region by providing safe transportation options, supporting local health and wellness, and contributing to economic development. The plan as I have seen it sounds very well thought out and is a collaborative effort of many different local groups. I am very much in favor of this proposal and feel it would be money well spent.

Thank you.
