

Hello to whomever is reading this,

i applaud the creation of a walking path from Wheeler to Nehalem to Manzanita, NOT along the highway.

i'm not quite sure how a walking path could be created between Wheeler and Nehalem without going along the highway, at least over the bridge!

Walking is healthy for mind and body.

Please consider this a YES vote for creation of a Wheeler-Nehalem-Manzanita walking trail.

Sincerely yours,

Lucile W. Brook
Nehalem resident
