

To Whom It May Concern;

My name is Jane Pai. I am a Trimet rider. I am a senior.

Is Trimet important. Is transit important to our city.

According to City of Portland Censor Reporter, we are 69% 18 to 69 of age and 50% female.  
In my opinion, we are minority, the right population for public transportation.

If we do not continue or increase funding public transportation, that population would be discourage to general transportation.

So I would like to ask the Oregon Legislature to put our public transportation at a higher priority.  
And continue to fund and increase the funding of our Trimet.

Thank you.
