

## **SUBCOMMITTEE RECOMMENDATION**

### **Item 33: Oregon Military Department Jackson Armory Service Life Extension**

---

To:	Emergency Board
From:	Public Safety Subcommittee
Carrier:	Representative Evans

---

The Public Safety Subcommittee recommends that the Emergency Board increase Federal Funds Capital Construction expenditure limitation for the Oregon Military Department by \$1.7 million for the Jackson Armory Service Life Extension.

The Department has received additional federal funding from the National Guard Bureau to enhance the current Armory Service Life Extension Project at the Jackson Armory in Portland. These funds will be used to continue repairs and remodeling of the facilities that was initially funded through bond proceeds in 2019. This additional federal funding does not require state match and will supplement \$4 million in federal funding approved during the 2024 session.

The Public Safety Subcommittee recommends approval.
