

Hi there,

I am unable to make it out in person so wanted to provide my comments via email.

\*\*Please fund the connection from the end of the line Cazadero Trail over Deep Creek - our country roads are getting more and more dangerous to ride bikes on

\*\*Please add a shoulder to Amsigger Road

\*\*Please prioritize shoulders on all country roads - enough riders have died because there's literally not enough space for us

Thank you,  
Maria Schur
