

Nicolas Elvira
Cultural Center

9/27/24

I am addressing the transportation Comite.
I support increasing funding for state and
public transportation in Washington County.

Working at the Cultural Center as a driver
for Ride Connection the increase would help us to
continue collecting donations for Mercado-Centro
and continue helping the Hispanic community

We would also continue transporting older
people to the center a place where they live
~~toget~~ together and have a good time.

That is why I support more funding for
STIF and partners Ride Connection and Tri-met
Centro will benefit and continue to improve
in order to assist the Hispanic-Latino
population in the Cornelius Area and
surrounding areas Thank you

Nicolas Elvira
