

I'm reaching out to seek your support for an exciting opportunity to bring a non-profit passenger ferry service to the Portland metro region: Frog Ferry.

This innovative project offers numerous benefits—reducing car traffic, especially for Vancouver/Portland commuters, attracting tourism, contributing to the revitalization of our city, and even providing emergency transportation when needed.

With your help, we can make Frog Ferry a reality - thus helping Portland move toward a more sustainable, connected future while fostering economic growth.
