# Stakeholder Questionnaire Update

PREPARED FOR: Joint Task Force on Artificial Intelligence

DATE: October 11, 2024

BY: Legislative Policy and Research Office

# JTFAI Stakeholder Questionnaire

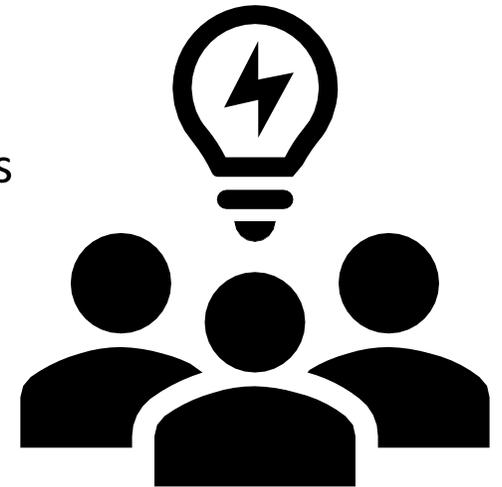

**Purpose:** gather feedback from Oregon-based stakeholders on a set of AI-related terms and definitions the task force is deliberating.

- **Note:** The questionnaire does *not* include all the terms and definitions recommended by each workgroup.

**Questionnaire distribution:** distribution list was created by task force members based on stakeholders listed in the bill (section 6, HB 4153, 2024).

- Questionnaire to be distributed on October 14 to approximately 60 individual contacts.
- Respondents will be asked to forward the link to other interested parties.

**Analysis:** LPRO will analyze information gathered to be shared at the November meeting.

# Stakeholder Questionnaire - General Questions

## Question 1

Please categorize the industry/field/sector of your current or usual employment.

## Question 2.A

Does your industry or sector have a list or other source of AI-related definitions that is commonly referred to?

## Question 2.B

[if yes] Where is that list? Please provide the name of the source, and a web link if possible.

# Stakeholder Questions – Terms & Definition (Examples)

From the point of view of your industry or sector, would you find the use of this definition in Oregon legislation acceptable or unacceptable?

**Artificial Intelligence** - a machine-based system that can, for a given set of human-defined objectives, make predictions, recommendations, or decisions influencing real or virtual environments. Artificial intelligence systems use machine- and human-based inputs to perceive real and virtual environments; abstract such perceptions into models through analysis in an automated manner; and use model inference to formulate options for information or action.
