

SUBCOMMITTEE RECOMMENDATION

Item 42: Department of Land Conservation and Development Interagency Agreements

To: Emergency Board
From: General Government Subcommittee
Carrier: Senator Frederick

The General Government Subcommittee heard a request from the Department of Land Conservation and Development to increase Other Funds expenditure limitation due to new interagency funding agreements.

The Department has entered into four new interagency agreements this biennium, mostly due to their expanded role in housing-related work. The most substantial item is a \$500,000 agreement with the Housing and Community Services Department. This agreement further defines the Department's role and responsibilities in conjunction with Housing under HB 2001, passed during the 2023 session.

The General Government Subcommittee recommends that the Emergency Board increase Other Funds expenditure limitation for the Department of Land Conservation and Development, by \$637,991, for new interagency agreements.
