

CMHP Role in the Public Behavioral Health System

Cherryl Ramirez

Executive Director, Association of
Oregon Community Mental Health
Programs

Mission

To advocate for the strengthening of local systems of care through partnership with local mental health authorities, community stakeholders, and state departments, ensuring equitable, effective and humane responses to improve the lives of people in our communities with mental illness, substance use disorders and intellectual and developmental disabilities, and their families.

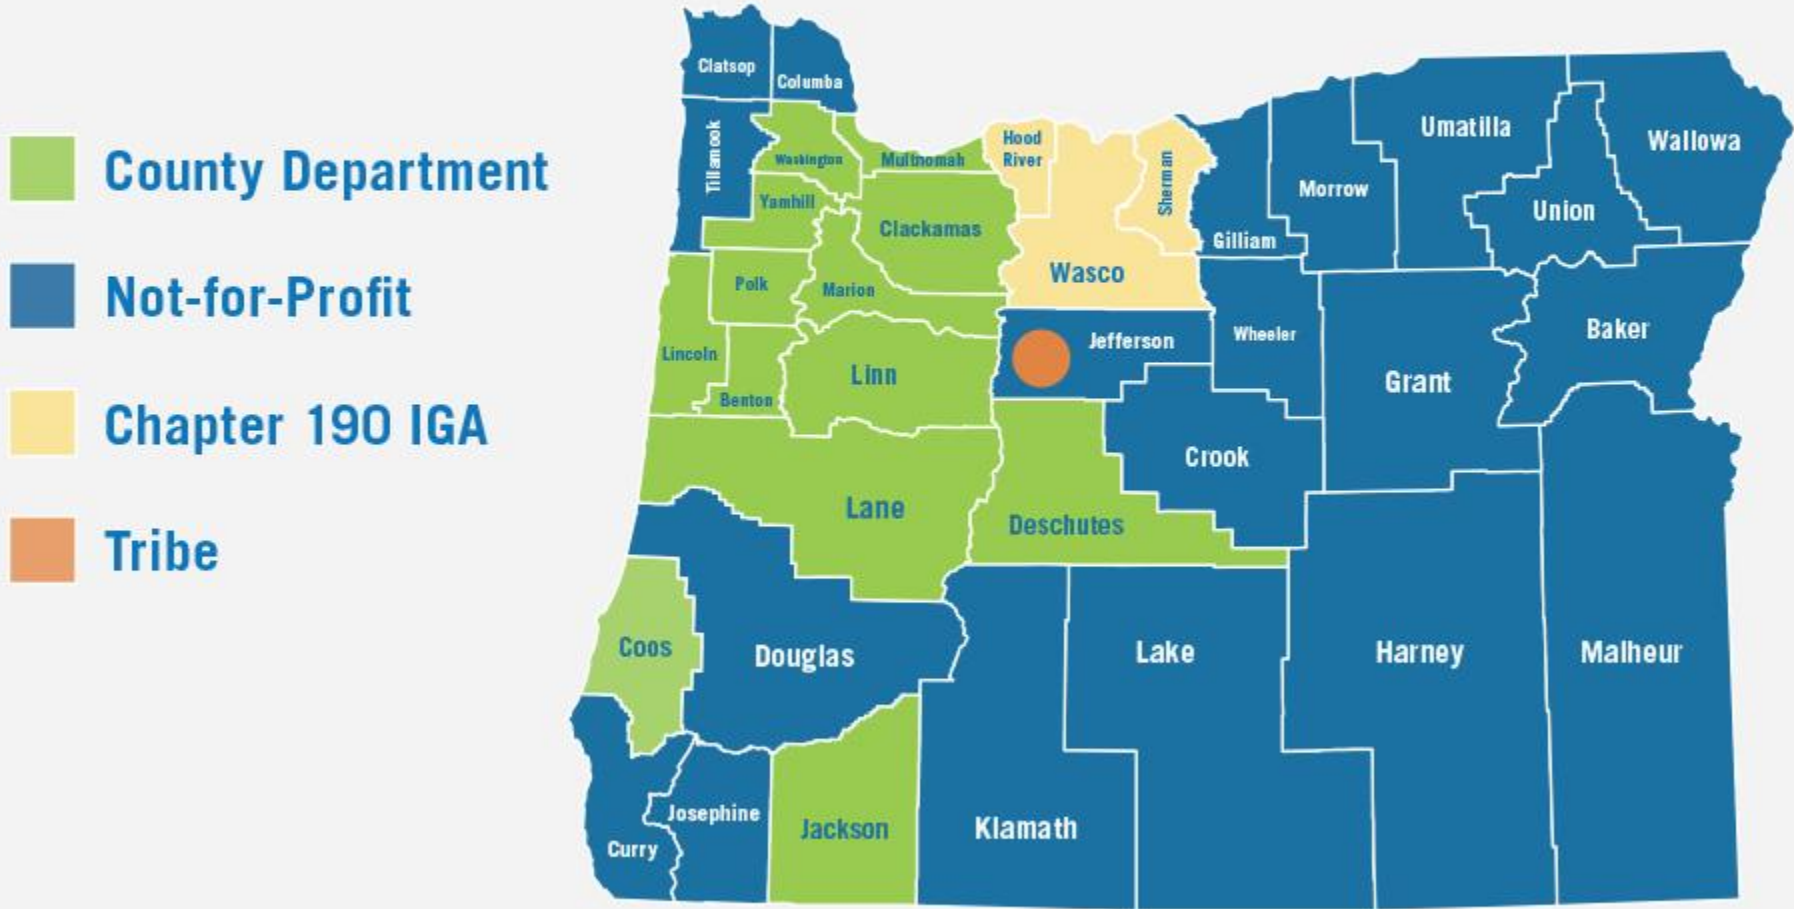

Statutory Framework

Oregon Revised Statutes (ORS 430.610) direct OHA to assist county governments in establishing and developing community mental health and developmental disabilities programs and establish Counties, Regions or Tribes as the Local Mental Health Authority.

The LMHA appoints a Mental Health Director and designates the Community Mental Health Program.
