

# Oregon Department of **ENERGY**

## Update on Federal Energy Funding *House Committee on Climate, Energy, and Environment*

Janine Benner  
Director  
January 23, 2023

# SCOPE OF THE FUNDING UNDER THE INFLATION REDUCTION ACT

# GRANT OPPORTUNITIES ODOE IS CLOSELY FOLLOWING

REAP Funds

Energy Auditor (IIJA)  
Amount TBD

HOMES \$57 Million

HEEHR \$56 Million

Contractor Training  
(IRA) Amount TBD

Building Codes (IRA)  
Amount TBD

GHG Reduction Fund

Climate Pollution Reduction

Grid Resilience  
\$50 Million

RLF \$1.3 Million

EECBG \$1.9 Million

Building Codes (TBD)

GRIP Funds (TBD)

Hydrogen Hub (TBD)

SEP \$5.4 Million

SEP \$200K  
(early portion for ESP)

**Key**  
 Red = IIJA Formula  
 Orange = IIJA Competitive  
 Teal = IRA Formula  
 Green = IRA (unknown Form/Comp)  
 Gray = IRA Competitive  
 Circle = ODOE may not be a lead applicant

# DRAFT ODOE GUIDING PRINCIPLES

- Considering **equity at every step**, including geographic diversity. This will help ensure that the funds comply with the Biden-Harris Administration's Justice40 initiative to distribute at least 40% of the benefits to disadvantaged communities.
- Coordinating with **tribal governments** and communicating clearly, inclusively, and efficiently to ensure stakeholders and the public are informed and supported, and that they participate in federal funding opportunities.
- Where possible and internal resources allow, providing **technical assistance** to build community capacity and support grant recipients.
- Building **cross-agency partnerships** to leverage expertise and support historically underinvested work to further energy and climate goals and to provide other community benefits.
- Taking advantage of high-priority funding opportunities while ensuring quality work that puts **every available dollar to its best use**.

# HOME ENERGY EFFICIENCY FUNDS

Funding distributed through state energy offices (Oregon Department of Energy).  
Applications due in 2023, available for projects completed by 9/30/2031.

## Home Energy Performance-Based, Whole House Rebates (HOMES)

- \$57 million for Oregon
- Direct rebates for home energy efficiency retrofits
- Rebates double for low-and moderate-income households
- Includes both single-family and multifamily
- Projects must be certified and must demonstrate energy savings

## High-Efficiency Electric Home Rebate Program (HEEHR)

- \$56.7 million for Oregon
- Direct rebates for energy efficient electric appliances and supporting infrastructure (heat pump, stove, water heater, electric wiring, breaker box, insulation)
- Available for low- and moderate-income households

# ACCESSIBILITY AND ALIGNMENT

## Draft Strategic Intentions

- Easy and accessible for consumers
- Reduce energy burden
- Leverage existing programs
- Improve quality of life
- Improve Racial Justice
- Whole of government approach
- Reduce greenhouse gas emissions
- Responsive system
- Efficiency and alignment
- Programs should be well-resourced
- Integrated eligibility
