
Ballot Measure 110 Update

Joint Ways & Means Human Services Subcommittee

February 2, 2023

Jessica Carroll, Measure 110 Program Lead

Kristen Donheffner, Measure 110 Engagement and Strategy Manager

Background

- Oregon voters passed Measure 110 in November 2020
 - Decriminalized possession of substances for personal use
 - Created a health-based approach to addiction
- Legislature created Oversight and Accountability Council (OAC) of community members with lived experience (SB 755, 2021)
- OAC directs Measure 110 implementation and makes all grant funding decisions
- OHA provides guidance to the OAC and administers grants

Key Values of Oversight and Accountability Council

- All treatment should be low barrier and have harm reduction philosophy
 - Treatment is what you want, when you want it
- Prioritize culturally specific, culturally responsive, and inclusive programs
- Housing is Health
 - Prioritizing both supportive housing (low barrier housing first) and recovery housing (sober and drug free housing)
- Includes reducing drug-related harm and supporting services for individuals who are actively using drugs, including those who are not seeking treatment or recovery

Implementation Update

- As of January 2023, \$291.4 million spent or obligated
- 42 Behavioral Health Resource Networks (BHRNs) in all 36 counties
 - Each BHRN must offer screenings, assessments, peer services, low-barrier SUD treatment, harm reduction, housing, and supported employment services
- 233 Access to Care (ATC) grant agreements and 11 Tribal partners
 - M110 Grant Compliance Team performing compliance checks and technical support
 - Extensions to current BHRN grant agreements will provide program and fiscal stability and continuity of care for service recipients through 2023-25 biennium

M110 BHRN Partner Analysis

The 233 grant agreements & 11 Tribal organizations each provide a unique mix of services designed for the populations they serve.

Service Areas	Number of BHRN Partners Providing Services
Harm Reduction Intervention	92
Housing Services	93
Individual Intervention Planning	114
Low Barrier Substance Use Treatment	113
Peer Support, Peer Mentoring, and Other Peer Services	181
Screening & Comprehensive Behavioral Health Needs	113
Supported Employment	56

\$275.9 M Grant Funding Awarded to BHRNs

233 BHRN Partners + 11 Tribal Organizations

Youth Serving

Grant Monitoring and Compliance

- OAC and OHA now begin the important step of monitoring grantee compliance through previously established processes:
 - Grantees to report service data and fiscal data quarterly
 - Grantees to submit their service delivery policies and procedures by April 13
 - Performance audits and reviews by Oregon Secretary of State
 - OHA certification of community health workers, peer wellness specialists, and peer support specialists working within the BHRNs
 - OHA certification of outpatient substance use disorders treatment and recovery programs
 - Complaint intake process

Thank You

The logo for the Oregon Health Authority is centered within a light blue, curved banner. It features the word "Oregon" in a smaller, orange, serif font positioned above the "Health" portion of the word "Health Authority". The word "Health" is in a large, blue, serif font, and "Authority" is in a smaller, orange, serif font positioned below it.
