ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

The Oregon State Treasury is charged with fiduciary responsibility for managing investments for a number of large funds, including the Public Employees Retirement Fund, the Industrial Accident Fund, the Consumer and Business Services Fund, the Employment Department Special Administrative Fund, the Insurance Fund, the Oregon Student Assistance Fund, the Forest Development Revenue Bond Fund, the State Forestry General Obligation Bond Fund, the Oregon War Veterans' Fund, among others. The Funds are managed primarily to provide growth through investment income, as well as stability through uncertain economic conditions.

House Bill 2601 prohibits the Oregon State Treasury from acquiring carbon-intensive investments or from executing contracts that will result in acquisition of such investments, for any of the investment funds under its purview. The measure also requires that the Oregon State Treasury divest itself from all publicly traded investments in any entity listed on the Carbon Underground 200 List no later than six months following the measure's effective date.
