

SB 426 TOXIC FREE SCHOOLS

Senate Committee on Education
2/21/2023

Presented by Lisa Arkin and Jennifer Eisele, Beyond Toxics

Timeline – Years in the Making!

**School IPM is a 14-year mandate in Oregon.
This year we can take of unfinished business!**

Stakeholder Amendment Process

Collaboration

- Adds ODA to HASS
- ODA & ODE consult on processes
- Diverse Stakeholder Advisory Committee under ODE

Resources

- Support for school districts through the Office of School Facilities
- Pilot projects to test streamlined electronic record keeping

Equity

- Engage districts with low-income and diverse populations
- Improve transparency in pesticide notifications and recordkeeping

Support for Existing School IPM Programs

- SB 426 addresses unfinished business +
- Supports collaboration for an existing program •
- Adds diverse expert input through a stakeholder process
- Prioritizes equity and transparency
- Protects >600,000 students & faculty

Compliance with State Requirement to have IPM Plan on School District Websites

Sixty-one percent (61%) of Oregon school districts have outdated IPM Plans or no IPM Plan at all.

Why annual review and updates are needed

Fern Ridge School District adheres to the list of approved low-impact pesticides that is kept maintained by Oregon State University. The university keeps their list updated and FRSD reviews as necessary.

Fern Ridge School District IPM Plan

Accessibility of Low-Impact Pesticide Lists on District Websites

Seventy-nine percent (79%) of school districts don't have a low-impact pesticide list or have not updated their list in more than 5 years.

Compliance with State Requirement to have HASS Plan on School District Websites Compared to Updated IPM

While over 86% of districts have updated HASS plans and annual statements on their websites, less than 40% have updated their Integrated Pest Management Plan as required under HASS since 2018.

RECENT SCHOOL IPM VIOLATIONS

- Faulty, negligent, careless.
- Sprayed RUP/Danger products.
- Failure to maintain records.
- >\$13,000 civil penalties.

2021 Hillsboro School District

- Unlicensed applicator.
- Failure to notify.
- Sprayed products labeled "Danger."

2019 Grants Pass School District

- Unlicensed applicator.
- Failure to notify.
- Faulty, careless, negligent.
- Outdated low-impact list.

2019 South Lane School District

- No IPM Plan.
- No IPM Coordinator.
- Failure to maintain records.

2018 Jefferson School District

Summary

SB 426 will protect kids by:

- Enhance School IPM Coordination under HASS
- Establish a diverse Stakeholder Advisory Group
- Support districts with lower socio-econ demographics
- Electronic records pilot projects for compliance efficiency
- Fulfill an unfunded mandate!
