

## **SUBCOMMITTEE RECOMMENDATION**

### **Department of Transportation Over Dimension Permitting**

---

To: Ways and Means Full Committee  
From: Transportation and Economic Development Subcommittee  
Carrier: Senator Hansell

---

On March 9th, the Transportation and Economic Development Subcommittee recommended approval of the submission of a federal grant application from the Department of Transportation to the Federal Motor Carrier Safety Administration in the amount of \$2,000,000 for the Department's Over Dimension Permitting System Replacement Project.

The project will allow more efficient compliance with size and weight laws and will allow trucking companies to purchase permits based on their route, size, and weight. ODOT received a previous federal grant for planning costs of this project. This grant application would fund procurement of an Information Technology solution for the system. No matching funds are required. However, ODOT expects to contribute \$3.4 million of Other Funds and \$2 million of existing federal funds towards this project.

The Transportation and Economic Development Subcommittee recommends approval.
