HB 3093 STAFF MEASURE SUMMARY

House Committee On Education

Prepared By: Lisa Gezelter, LPRO Analyst **Meeting Dates:** 3/27

WHAT THE MEASURE DOES:

Reduces requirements for number of credits students must earn in mathematics in order to earn regular diploma to two and one-half. Adds half-credit of personal finance education to high school graduation requirements for regular diploma and modified diploma. Applies to diplomas awarded on or after January 1, 2026. Defines personal financial education for purpose of content standards. Requires schools and districts to offer instruction in personal financial education.

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

Senate Bill 744, enacted in 2021, required the Oregon Department of Education (ODE) to study high school graduation requirements and make recommendations for any possible changes. That report, issued on September 1, 2022, recommended adding a future planning credit requirement for high school graduation. House Bill 2093 adds a financial education credit requirement to the statutory list of credits required for high school graduation.
