BACKGROUND:

In May, 2022, the Oregon Secretary of State's audits division issued a [K-12 Education – Systemic Risk Report](#) outlining potential areas of risk in the structure and organization of Oregon's K-12 education system. The report outlined five major risks:

1. performance monitoring and support;
2. transparency on results and challenges;
3. spending scrutiny and guidance;
4. clear, enforceable district standards; and
5. governance and funding stability.

Senate Bill 1045 requires the Oregon Department of Education to identify a response to the Secretary of State's 2022 systemic risk report.
