

**REVENUE IMPACT OF
PROPOSED LEGISLATION**
82nd Oregon Legislative Assembly
2023 Regular Session
Legislative Revenue Office

Bill Number: SB 225 - A

Date: 4/3/2023

*Only Impacts on Original or Engrossed
Versions are Considered Official*

This is an enabling legislation that operates on specific period of time for the passthrough (conduit) bonds, where it permits those bonds to continue being worked on after sine die and until the governor signs the next bond bill. The same amount of bonds will be included in the next biennium Bond-Bill, thus no increase, decrease or shifting of revenue will occur. The other segment of the bill is an allowance for agencies to suballocate the existing bond amount. The third change is a technical adjustment. Therefore, The Legislative Revenue Office concludes that the proposed legislation has No Impact on state or local revenues.
