No amendment.

**BACKGROUND:**

The Oregon State Board of Nursing (OSBN) regulates the practice of nursing in the state, including licensing or certifying registered nurses (RN), licensed practical nurses (LPN), clinical nurse specialists (APRN-CNS), certified registered nurse anesthetists (APRN-CRNA), nurse practitioners (APR-NP), certified nursing assistants (CNA), and certified medication aides (CMA). When Governor Brown issued Executive Order 20-03 in March 2020, declaring an emergency due to the COVID-19 pandemic, licensing boards were given flexibility around health professional licensing to facilitate bolstering the state's health care workforce. OSBN indicates that it issued approximately 10,000 emergency authorizations to nurses and nursing assistants from other states between 2020 and 2022.

Senate Bill 227 would allow the Oregon State Board of Nursing to issue limited licenses and certificates for nurses and nursing assistants during a Governor-declared emergency.
