ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

The measure prescribes that recovery schools be funded by the State School Fund (SSF) and money from the Statewide Education Initiative Account (SEIA).

The measure specifies that a recovery school receive, for each student, the amount equal to a General Purpose Grant per average daily membership (ADM) of the student's resident school district (or the school district in which the school is located).

A student with an Individualized Education Plan (IEP) receives an additional one weight for the purpose of the SSF distributions. Under current law, all district IEP counts are capped at 11% of the Average Daily Membership (ADM) of resident students, unless approved by the Oregon Department of Education. The measure exempts recovery schools from the cap.
