HB 3144 directs the Department of Education to develop and implement a statewide education plan for students who are Native Hawaiian or Pacific Islander, and directs the agency to consult with various advisory groups during plan development. To implement the plan, ODE must award grants to a variety of entities. After implementation, ODE must submit a biennial report to the legislature on the progress of the plan

The Capital Construction Subcommittee approved the -A4 amendment, which provides \$2,082,586 of Other Funds expenditure limitation for administering the new statewide education plan and for awarding grants. Funding is provided through the Statewide Education Initiatives Account in the Fund for Student Success.

The Capital Construction Subcommittee recommends HB 3144 be amended by the -A4 amendment and be reported out do pass, as amended.
