*A Spoken Word Journey*

The brainchild of La Toya A. Hampton, MSW aka The Poet Lady Rose and commissioned by Portland Playhouse as part of their Return to Wonderland 2022 short film festival, follows the experience of a group of Black Portland teens-- Nathaniel, Aaliyah, Alyssa and Olivia in an intensive writing and spoken word camp. Follow their journey as they go from novice writers to creating their own poetry, culminating in their triumphant first public performance.

**COME for the film. STAY for the poetry showcase!**
