OPEN GOVERNMENT IMPACT

Legislative Counsel has not adopted standards for drafting measures that establish exemptions from disclosure of public records.

This measure requires a court to automatically seal the record of a conviction, arrest, citation, charge or judgment of guilty, except for insanity, relating to an offense that is eligible to be set aside pursuant to a motion if the court would be required to grant the motion if no objection were received and any ordered restitution has been fully paid.

If those public records that could be subject to public disclosure were instead subject to mandatory disclosure under public records law, the public could gain additional information related to arrests, citations, charges and judgments of guilty except for insanity that were eligible to be set aside.
