### SUMMARY

Updates and modernizes laws that govern formation, governance, operations and conversion of limited liability companies in this state and relations among members, managers and third parties with respect to limited liability companies in this state.

### OPEN GOVERNMENT IMPACT

Legislative Counsel has not adopted standards for drafting measures that establish exemptions from disclosure of public records.

This measure repeals the current exemption from public disclosure of certain information collected during investigations of limited liability company regulation violations and replaces it with a new public records request exemption covering the same information.

If those public records that could be subject to public disclosure were instead subject to mandatory disclosure under public records law, the public could receive information regarding investigations of limited liability companies by the Secretary of State.
