SUMMARY

Makes confidential and exempts from discovery and public records certain communications and information conveyed during, to facilitate or to follow up on peer support check-in sessions with Oregon Youth Authority employees. Creates exceptions.

OPEN GOVERNMENT IMPACT

Legislative Counsel has not adopted standards for drafting measures that establish exemptions from disclosure of public records.

This measure prohibits peer support team members from disclosing information received during a peer support check-in session and any communication made by a peer support team member or participant to facilitate or to follow up on a peer support check-in session.

If those public records that could be subject to public disclosure were instead subject to mandatory disclosure under public records law, the public might be able to receive information or records related to peer support check-in sessions.
