BACKGROUND:

House Bill 5006 (2021), Section 158, included a \$5 million appropriation to the Higher Education Coordinating Commission for programs assisting students with access to post-secondary education opportunities. The budget report for the bill notes that the appropriation was intended for distribution in amounts of \$1 million to five programs or organizations: Access to Student Assistance Programs in Reach of Everyone (ASPIRE), College Possible, Advancement Via Individual Determination (AVID), BUILD EXITO at Portland State University, and the Oregon TRIO Association.

House Bill 3120 A establishes a grant program administered by the Higher Education Coordinating Commission for college access and success programs.
