

## HB 3113 A STAFF MEASURE SUMMARY

### Joint Committee On Transportation

---

**Action Date:** 05/09/23

**Action:** Do pass with amendments and be referred to Ways and Means by prior reference.  
(Printed A-Eng.)

**House Vote**

**Yeas:** 6 - Boshart Davis, Helfrich, Mannix, McLain, Nathanson, Pham K

**Exc:** 1 - Evans

**Senate Vote**

**Yeas:** 3 - Frederick, President Wagner, Woods

**Exc:** 2 - Boquist, Findley

**Fiscal:** Fiscal impact issued

**Revenue:** Revenue impact issued

**Prepared By:** Patrick Brennan, LPRO Analyst

**Meeting Dates:** 4/6, 5/9

---

#### **WHAT THE MEASURE DOES:**

Appropriates \$10 million from the General Fund for the 2023-2024 biennium for improving safety and increasing access to walking, biking, and transit on state highways that serve as community main streets. Declares emergency, effective July 1, 2023.

#### **ISSUES DISCUSSED:**

- Program instituted using federal Infrastructure Improvement and Jobs Act funds
- Increase in safety concerns in many areas
- Importance of urban arterials and main streets
- Appropriate funding source and level of funding
- State-local partnerships
- Examples of recent traffic deaths

#### **EFFECT OF AMENDMENT:**

Specifies General Fund allocation of \$10 million.

#### **BACKGROUND:**

The Oregon Department of Transportation (ODOT) instituted the Great Streets program with an influx of \$50 million in flexible federal transportation funds received through the federal Infrastructure Investment and Jobs Act (2021). The purpose of the program is to improve walking, bicycling, and transit access on main streets and urban arterials through a number of different types of projects, including intersection improvements, bicycle facilities, sidewalks, corridor refinement and planning, street trees and furnishings, lighting, lane reductions and reconfigurations, and traffic calming and speed reduction features.

The first phase of ODOT's Great Streets program examines state-owned and state-managed corridors, with the intent of demonstrating the efficacy of the program. Proposals are to be evaluated primarily based on potential safety improvements and improved multimodal access on state highway corridors that also serve as main streets in communities. Other considerable factors include equity, climate mitigation, local support and engagement, opportunities to leverage additional funding, project readiness, and repair status.

House Bill 3113 A allocates \$10 million to ODOT from the General Fund for use in the Great Streets program.
