

SB 161 B STAFF MEASURE SUMMARY**Carrier:** Rep. Hartman**House Committee On Agriculture, Land Use, Natural Resources, and Water****Action Date:** 05/09/23**Action:** Do pass with amendments to the A-Eng bill. (Printed B-Eng.)**Vote:** 8-0-1-0**Yeas:** 8 - Boice, Gamba, Hartman, Helm, Levy B, Marsh, McLain, Owens**Exc:** 1 - Scharf**Fiscal:** No fiscal impact**Revenue:** No revenue impact**Prepared By:** Anna Glueder, LPRO Analyst**Meeting Dates:** 4/25, 5/9**WHAT THE MEASURE DOES:**

Changes the date by which certain tasks must be accomplished from July 1, 2023 to December 31, 2023 for the Elliott State Research Forest provisions to become operative on January 1, 2024. Changes the requirement that the National Marine Fisheries Service and the United States Fish and Wildlife Service (USFWS) jointly publish a notice of the availability of a final habitat conservation plan for the Elliott State Forest and a final environmental impact statement to a requirement that the Department of State Lands submits a habitat conservation plan for the Elliott State Forest to the federal agencies and that the USFWS initiates preparation of a final environmental impact statement. Changes the State Land Board reporting date from September 15, 2023 to February 15, 2024. Declares emergency, effective on passage.

ISSUES DISCUSSED:

- Progress on the required tasks to be completed in order for the research forest to be established on January 1, 2024
- Required time to complete the remaining tasks
- Status and remaining actions to complete a Habitat Conservation Plan

EFFECT OF AMENDMENT:

Moves the date by which certain tasks must be accomplished from November 1, 2023 to December 31, 2023.

BACKGROUND:

The Elliott State Forest is a 91,000-acre forest located in Coos and Douglas Counties in the central Oregon Coast Range. It was established in 1930 as Oregon's first state forest and has been overseen by the State Land Board and managed by the Department of State Lands (DSL) as a Common School Fund land asset since its inception.

In 2022, the Legislative Assembly enacted Senate Bill 1546, which officially established the Elliott State Research Forest from lands formerly constituting the Elliott State Forest, established the Elliott State Research Forest Authority as an independent state agency to govern the forest, and established the mission and management policies for the forest. The law requires that several tasks be accomplished by or before July 1, 2023 for the Elliott State Research Forest provisions to become operative on January 1, 2024.

Senate Bill 161 B would change the date by which certain tasks to establish the Elliott State Research Forest must be accomplished from July 1, 2023 to December 31, 2023, would change requirements related to federal and state responsibilities for a final habitat conservation plan and final environmental impact statement, and would change the State Land Board reporting date from September 15, 2023 to February 15, 2024.
