Revenue Area:	Highway Fund

The revenue impact of this measure is indeterminate for the following reasons:

The Fund exchange program between ODOT and local Governments is dependent on the availability of both federal and state funds. The impacts on the availability of state funds for ODOT's program that can only be funded through the Highway Fund is not clear with this measure. There is a possibility of pressuring the state funds going to ODOT that might affect cashflow and the adequate funding of state programs. There are also scenarios that would allow dedicated program funding (From Previous funding packages HB 2017 for example) to be used in satisfying the fund exchange requirements.
