⁽¹⁾ Includes adjustments through January 2023

* Excludes Capital Construction expenditures

Summary of Revenue Changes

Senate Bill 609 appropriates \$105,600 General Fund to the Department of Human Services (DHS) and increases Federal Funds expenditure limitation by \$158,400 to contract for changes to the ONE eligibility system and applicant portal so graduate assistant work hours may be considered for Supplemental Nutrition Assistance Program (SNAP) eligibility.

Summary of Education Subcommittee Action

Currently, students attending a college, university, or trade school more than half time and working as a graduate assistant are not eligible for SNAP. Senate Bill 609 requires DHS to consider hours worked as a graduate assistant as hours worked in employment for the purpose of meeting requirements for SNAP eligibility. The bill defines graduate assistant, for purposes of SNAP eligibility, as an individual who is paid to work in teaching, administration, or research while completing academic requirements for an advanced degree at a higher education institution.

In order to implement the changes required by the bill, DHS will need to make changes to the ONE eligibility system. For eligibility purposes, the system will need to collect and store information on whether an individual is a graduate assistant. This will also require changes in the applicant portal. DHS will need additional funding to cover contractor costs for the IT system changes. Based on an estimate of contract hours to perform the changes, the Subcommittee recommended a one-time General Fund appropriation of \$105,600 for the Oregon Eligibility Partnership Services and Supplies budget and an increase of \$158,400 Federal Funds expenditure limitation.
