House Bill 2047

Introduced and printed pursuant to House Rule 12.00. Presession filed (at the request of House Interim Committee on Health Care for Representative Rob Nosse)

SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure as introduced.

Establishes Rare Disease Advisory Council to serve as forum for understanding challenges faced by patients with rare diseases and caregivers and to serve as forum for improving access to care and insurance coverage for patients and as information resource for government and public health decision makers.

Directs council to annually submit report to Governor and appropriate legislative committees summarizing activities of council and making policy recommendations.

A BILL FOR AN ACT

Relating to the Rare Disease Advisory Council.

Whereas the medical and health care professions consider any condition that affects fewer than 200,000 Americans to be rare; and

Whereas there are more than 7,000 known rare diseases in the United States, affecting between 25 and 30 million Americans across a broad spectrum of medical conditions; and

Whereas patients with rare diseases face many unique challenges every day, from obtaining an accurate diagnosis and accessing medical specialists with knowledge of their condition to obtaining fair insurance coverage for their treatment and care; and

Whereas due to small patient populations and the variety of rare diseases, it can be challenging for state government and public health officials to have an in-depth understanding of the rare disease community’s needs; and

Whereas this lack of awareness often contributes to obstacles faced by patients with rare diseases and their families; and

Whereas creating a Rare Disease Advisory Council will provide a forum for patients, families and experts across Oregon to analyze the needs of the community and make recommendations on public policy to address rare diseases and to aid those impacted by rare diseases; now, therefore,

Be It Enacted by the People of the State of Oregon:

SECTION 1. (1) The Rare Disease Advisory Council is established for the purposes of understanding challenges that patients with rare diseases and caregivers face, serving as a forum for improving access to care and insurance coverage for patients and serving as an information resource for government and public health decision makers.

(2) The Governor shall determine the number of members on the council and appoint members. The council may be composed of patients, caregivers, health care providers, health insurance representatives, biotechnology industry representatives, researchers, representatives of patient advocacy organizations, state government officials and public health officials.

(3) Members may not receive compensation for service on the council, but, subject to any

LC 1605
applicable laws regulating travel and other expenses of state officers and employees, may be
reimbursed for actual and necessary travel and other expenses incurred in the performance
of council duties with moneys available to the council for the purpose of reimbursing the
members.

(4) The term of service for each member is four years. Members are eligible for reappoin-
tment.

(5) The council shall elect a chairperson and a vice chairperson to serve for one-year
terms.

(6) The Oregon Health Authority shall provide meeting facilities and administrative sup-
port to the council.

(7) The council shall meet at the call of the chair.

(8) No later than September 15 of each year, the council shall submit a report to the
Governor and to the appropriate committees of the Legislative Assembly that describes the
work the council has undertaken over the preceding year. The report may include recom-
endations for policy changes and recommendations for proposed legislation that legislative
committees or members may choose to have introduced for consideration by the Legislative
Assembly.

SECTION 2. On or before March 1, 2024, members of the Rare Disease Advisory Council
must be appointed as described in section 1 (2) of this 2023 Act. On or before May 1, 2024,
the council must begin meeting regularly.

SECTION 3. Notwithstanding section 1 (4) of this 2023 Act, one-half of the members ap-
pointed by the Governor for the initial composition of the Rare Disease Advisory Council in
2024 shall be appointed for two-year terms. The Governor shall identify which members serve
two-year terms and which members serve four-year terms.
