the Agricultural Capability Classification System in use by the United States Department of Agri-

of the governing body or its designee in any area zoned for exclusive farm use upon written findings

(a) The dwelling or activities associated with the dwelling will not force a significant change in
or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use.

(b) The dwelling is situated upon generally unsuitable land for the production of farm crops and
livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, location
and size of the tract. A lot or parcel shall not be considered unsuitable solely because of its size
or location if it can reasonably be put to farm use in conjunction with other land.
(4) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), one single-family dwelling, not provided in conjunction with farm use, may be established in any area zoned for exclusive farm use on a lot or parcel described in subsection (7) of this section that is not larger than three acres upon written findings showing:

(a) Owners of land that is within 250 feet of the lot or parcel on which the dwelling will be established; and
(b) Persons who have requested notice of such applications and who have paid a reasonable fee imposed by the county to cover the cost of such notice.

(6) The notice required in subsection (5) of this section shall specify that persons have 15 days following the date of postmark of the notice to file a written objection on the grounds only that the dwelling or activities associated with it would force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use. If no objection is received, the governing body or its designee shall approve or disapprove the application. If an objection is received, the governing body shall set the matter for hearing in the manner prescribed in ORS 215.402 to 215.438. The governing body may charge the reasonable costs of the notice required by subsection (5)(a) of this section to the applicant for the permit requested under subsection (4) of this section.

(7) Subsection (4) of this section applies to a lot or parcel lawfully created between January 1, 1948, and July 1, 1983. For the purposes of this section:

(a) Only one lot or parcel exists if:
(A) A lot or parcel described in this section is contiguous to one or more lots or parcels described in this section; and

(9) No final approval of a nonfarm use under this section shall be given unless any additional taxes imposed upon the change in use have been paid.

(10) Roads, highways and other transportation facilities and improvements not allowed under
subsections (1) and (2) of this section may be established, subject to the approval of the governing
body or its designee, in areas zoned for exclusive farm use subject to:
(a) Adoption of an exception to the goal related to agricultural lands and to any other applicable
goal with which the facility or improvement does not comply; or

Commission as provided in section 3, chapter 529, Oregon Laws 1993.
(11) The following agri-tourism and other commercial events or activities that are related to and
supportive of agriculture may be established in any area zoned for exclusive farm use:
(a) A county may authorize a single agri-tourism or other commercial event or activity on a
tract in a calendar year by an authorization that is personal to the applicant and is not transferred
by, or transferable with, a conveyance of the tract, if the agri-tourism or other commercial event
or activity meets any local standards that apply and:
(A) The agri-tourism or other commercial event or activity is incidental and subordinate to ex-

(iii) A traffic management plan that identifies the projected number of vehicles and any antici-
ipated use of public roads; and

(b) In the alternative to paragraphs (a) and (c) of this subsection, a county may authorize,
through an expedited, single-event license, a single agri-tourism or other commercial event or ac-
tivity on a tract in a calendar year by an expedited, single-event license that is personal to the ap-
plicant and is not transferred by, or transferable with, a conveyance of the tract. A decision
concerning an expedited, single-event license is not a land use decision, as defined in ORS 197.015.
To approve an expedited, single-event license, the governing body of a county or its designee must
determine that the proposed agri-tourism or other commercial event or activity meets any local
standards that apply, and the agri-tourism or other commercial event or activity:

The agri-tourism or other commercial events or activities must meet any local standards that apply, and the agri-tourism or other commercial events or activities:

(A) Must be incidental and subordinate to existing farm use on the tract;

(B) May not, individually, exceed a duration of 72 consecutive hours;

(C) May not require that a new permanent structure be built, used or occupied in connection with the agri-tourism or other commercial events or activities;

(D) Must comply with ORS 215.296;

(E) May not, in combination with other agri-tourism or other commercial events or activities authorized in the area, materially alter the stability of the land use pattern in the area; and

(F) Must comply with conditions established for:

(i) The types of agri-tourism or other commercial events or activities that are authorized during each calendar year, including the number and duration of the agri-tourism or other commercial events and activities, the anticipated daily attendance and the hours of operation;

(ii) The location of existing structures and the location of proposed temporary structures to be used in connection with the agri-tourism or other commercial events or activities;

(iii) The location of access and egress and parking facilities to be used in connection with the agri-tourism or other commercial events or activities;

(a) Provide public notice and an opportunity for public comment as part of the review process; and

(b) Limit its review to events and activities authorized by the permit, conformance with conditions of approval required by the permit and the standards established by subsection (11)(d) of this section.
For the purposes of subsection (11) of this section:

(a) A county may authorize the use of temporary structures established in connection with the agri-tourism or other commercial events or activities authorized under subsection (11) of this section. However, the temporary structures must be removed at the end of the agri-tourism or other event or activity. The county may not approve an alteration to the land in connection with an agri-tourism or other commercial event or activity authorized under subsection (11) of this section, including, but not limited to, grading, filling or paving.

(b) The county may issue the limited use permits authorized by subsection (11)(c) of this section for two calendar years. When considering an application for renewal, the county shall ensure compliance with the provisions of subsection (11)(c) of this section, any local standards that apply and conditions that apply to the permit or to the agri-tourism or other commercial events or activities authorized by the permit.

(B) If the utility facility is an associated transmission line, as defined in ORS 215.274 and 469.300.

(d) A dwelling on real property used for farm use if the dwelling is occupied by a relative of the farm operator or the farm operator's spouse, which means a child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of either, if the farm operator does or will require the assistance of the relative in the management of the farm use and the dwelling is located on the same lot or parcel as the dwelling of the farm operator.
